**Summary.** The following is a set of guidelines for preparing an abstract submission for the " World Data System Asia-Oceania Conference 2019". Guidance is given on layout, text formatting, and references such that each submission is clear and has a high level of conformity. This template is presented exactly as your extended abstract should appear, and it is highly advised to use it to prepare your submission in Word format. Your summary should be a brief, informative abstract. It should be a single paragraph and references should not be cited. Leave a single line space above the keywords. The title and text of your abstract should be no more than 1800 characters.

**Keywords.** A list of up to 5 words describing the main concepts in the abstract, separated by commas.

**Acknowledgment.** This section is optional and should acknowledge any financial support received from, or other significant contributions made by, people/organizations.
